

Temporary Dataset Download: European Soil Database v2.0 (vector and attribute data)

ID	123605
Date - Time	Sun, 01/11/2026 - 13:53
Name of User	Giovanni De Stefano
Organization	Universidad Politécnica de Madrid
Type of Organization	University
-- Other	
E-mail	giovanni.des@alumnos.upm.es
Purpose	Use of the European Soil Database for an academic university project focused on soil classification and edaphological mapping in Sagunto (Valencia, Spain) using WRB soil Reference groups for GIS analysis
Notes	

Notifications:

1. The data have been prepared for use by the Land Resource Management Unit (Institute for Environment & Sustainability) of the Joint Research Centre (JRC) of the European Commission.
2. The ESDB data were developed in collaboration with the European Soil Bureau Network, which holds a joint copyright to the data with the European Commission. The DG-JRC, on behalf of the Commission, and the European Soil Bureau Network, does not accept any liability whatsoever for any error, missing data or omissions in the data, or for any loss or damage arising from its use. The DG JRC, on behalf of the Commission, agrees to provide the data free of charge but is not bound to justify the content and values contained in the databases.
3. The permission to use the data specified above is granted on condition that, under no circumstances are these data passed to third parties. Moreover they must not be used in any way for commercial gain or for purposes other than those specified above.
4. The user agrees to:
 - a) Make proper reference to the source of the data when disseminating the results to which this agreement relates;
 - b) Participate in the verification of the data (e.g. by noting and reporting any errors or omissions discovered to the JRC).
