

Temporary Dataset Download: Soil Atlas of Africa

ID	123618
Date - Time	Sun, 01/11/2026 - 21:26
Name of User	jasper Berry
Organization	UCI
Type of Organization	University
-- Other	
E-mail	Jasperkb@uci.edu
Purpose	I am requesting this data for potential research on Soil Moisture and how it correlates with the pre rain green up affect in Africa.
Notes	

Notifications:

1. The data provided has been prepared for use by internal research activities in the Land Resource Management Unit (Institute for Environment & Sustainability, JRC Ispra) in the context of Soil Atlas of Africa.
2. The data were developed for research purposes of the JRC (European Commission). The JRC does not accept any liability whatsoever for any error, missing data or omission in the data, or for any loss or damage arising from its use. The JRC agrees to provide the data free of charge but is not bound to justify the content and values contained in the databases.
3. The permission to use the data specified above is granted on condition that, under NO CIRCUMSTANCES are these data passed to third parties. They can be used for any purpose, including commercial gain.
4. The user agrees to:
 - a) Make proper reference to the source of the data when disseminating the results to which this agreement relates;
 - b) Participate in the verification of the data (e.g. by noting and reporting any errors or omissions discovered to the JRC).
