Purpose	download the dataset titled "Global Soil Biodiversity Atlas Maps" for non-commercial, academic research purposes. The primary objective of this request is to support preliminary investigation and dynamic analysis in the early stages of a research project proposal. The data will be used to assess its suitability and applicability in informing our study design, formulating hypotheses, and providing a foundational basis for proposed ecological or environmental analyses. Please let me know if any formal data use agreement, citation requirements, or registration process is needed. We are committed to fully acknowledging the data source and complying with all applicable terms of use. Thank you for your time and assistance. I look forward to your reply.

Notes

Notifications:

1. The data provided have been prepared by the Land Resource Management Unit (Institute for Environment & Sustainability, JRC Ispra) in the context of activities leading to the Global Soil Biodiversity Atlas .
2. The data were developed for research and publication purposes. The JRC does not accept any liability whatsoever for any error, missing data or omission in the data, or for any loss or damage arising from its use. The JRC agrees to provide the data free of charge but is not bound to justify the content and values contained in the datasets/maps.
3. The permission to use the data specified above is granted on condition that, under NO CIRCUMSTANCES are these data passed to third parties. They can be used for any purpose, including commercial gain.
4. The user agrees to:
 - a) Make proper reference to the source of the data when disseminating the results to which this agreement relates;
 - b) Participate in the verification of the data (e.g. by noting and reporting any errors or omissions discovered to the JRC).
