

Temporary Dataset Download: Soil Organic Carbon - Saturation Capacity in Europe

ID	124792
Date - Time	Fri, 02/06/2026 - 17:27
Name of User	Boguslaw Podlas
Organization	Cargill
Type of Organization	Private Company
-- Other	
E-mail	boguslawpodlas@cargill.com
Purpose	Baseline assessment of soil organic carbon stocks for agricultural land in Europe, used for sustainability analysis, soil management planning, and internal reporting.

Notification:

1. The data are made available for any activity even commercial.
2. The data provided has been prepared for use by internal research activities in the Joint Research Centre (JRC Ispra).
3. The data were developed for research purposes of the JRC (European Commission). The JRC does not accept any liability whatsoever for any error, missing data or omission in the data, or for any loss or damage arising from its use. The JRC agrees to provide the data free of charge but is not bound to justify the content and values contained in the databases.
4. The permission to use the data specified above is granted on condition that, under NO CIRCUMSTANCES are these data passed to third parties. They can be used for any purpose, including commercial gain.
5. The user agrees to:
 - Make proper reference to the source of the data when disseminating the results to which this agreement relates;
 - Participate in the verification of the data (e.g. by noting and reporting any errors or omissions discovered to the JRC).
