

## **Temporary Dataset Download: Net erosion and sediment transport using WaTEM/SEDEM (for EU)**

ID	124808
Date - Time	Sun, 02/08/2026 - 15:05
Name of User	Antonino Granata
Organization	River Basin Authority of Sicily
Type of Organization	Public Administration (Ministries, Agencies, Municipalities, ...)
-- Other	
E-mail	antoninogranata960@gmail.com
Purpose	The aim is to use the data to develop studies for the mitigation of sediment input to reservoirs and to plan measures to combat soil erosion in the river basins.
Notes	

### Notifications:

1. The data provided has been prepared for use by internal research activities in European Soil Data Centre (Sustainable Resources Directorate, JRC Ispra) in the context of developing the new Soil Loss Map by water erosion of Europe.
2. The data were developed for research purposes of the JRC (European Commission). The JRC does not accept any liability whatsoever for any error, missing data or omission in the data, or for any loss or damage arising from its use. The JRC agrees to provide the data free of charge but is not bound to justify the content and values contained in the databases.
3. The permission to use the data specified above is granted on condition that, under NO CIRCUMSTANCES are these data passed to third parties. They can be used for any purpose, including commercial gain.
4. The user agrees to:
  - a) Make proper reference to the source of the data when disseminating the results to which this agreement relates;
  - b) Participate in the verification of the data (e.g. by noting and reporting any errors or omissions discovered to the JRC).
