

## [Temporary Dataset Download: Topsoil Soil Organic Carbon \(LUCAS\) for EU25](#)

ID	127241
Date - Time	Tue, 03/31/2026 - 06:47
Name of User	Valeriy Sobolev
Organization	American University of Central Asia
Type of Organization	University
-- Other	
E-mail	sobolev_v@auca.kg
Purpose	Using this dataset for one of the methodological steps in Senior Thesis for creating ML model on SOC prediction and assessment in Kyrgyzstan.
Notes	

### Notifications:

1. The data provided have been prepared for use by the Land Resource Management Unit (Institute for Environment & Sustainability) of the Joint Research Centre (JRC) of the European Commission.
2. The data are the result of JRC research activities and are primarily made available for further research. The JRC does not accept any liability whatsoever for any error, missing data or omission in the data, or for any loss or damage arising from its use. The JRC agrees to provide the data free of charge but is not bound to justify the content and values contained in the databases.
3. The permission to use the data specified above is granted on condition that, under no circumstances are these data passed to third parties. They can be used for any purpose, including commercial gain.
4. The user agrees to:
  - a) Make proper reference to the source of the data when disseminating the results to which this agreement relates;
  - b) Participate in the verification of the data (e.g. by noting and reporting any errors or omissions discovered to the JRC).
