

Temporary Dataset Download: Global post-fire soil erosion

ID	132594
Date - Time	Sun, 08/23/2026 - 10:34
Name of User	Joseph Njue
Organization	IUCN
Type of Organization	Other (specify)
-- Other	NGO
E-mail	Joseph.Njue@iucn.org
Purpose	Working out ecosystem restoration assessment in multiple countries in Africa
Notes	

Notifications:

- The data provided has been prepared for use by internal research activities of the Joint Research Centre (JRC). JRC has also collaborated with other stakeholders for this work.
- The data are the result of JRC research activities and are primarily made available for further research. The JRC does not accept any liability whatsoever for any error, missing data or omission in the data, or for any loss or damage arising from its use. The JRC agrees to provide the data free of charge but is not bound to justify the content and values contained in the databases.
- The permission to use the data specified above is granted on condition that, under NO CIRCUMSTANCES are these data passed to third parties. They can be used for any purpose, including commercial gain.
- The user agrees to:
 - a) Make proper reference to the source of the data when disseminating the results to which this agreement relates;
 - b) Participate in the verification of the data (e.g. by noting and reporting any errors or omissions discovered to the JRC).
