

Temporary Dataset Download: Soil Hydraulic Properties of Europe using EUPTFv2 and LUCAS

ID	134245
Date - Time	Sun, 10/04/2026 - 20:07
Name of User	Alvise Fiume
Organization	CESPII - Consorzio LEB Research Unit
Type of Organization	Research Organization
-- Other	
E-mail	alvise.fiume@consorzioleb.it
Purpose	Hydrologic modeling and research
Notes	

Notifications:

- The data provided has been prepared for use by internal research activities of the Joint Research Centre (JRC) in collaboration with University of Basel (Switzerland).
- The data are the result of JRC research activities and are primarily made available for further research. The JRC does not accept any liability whatsoever for any error, missing data or omission in the data, or for any loss or damage arising from its use. The JRC agrees to provide the data free of charge but is not bound to justify the content and values contained in the databases.
- The permission to use the data specified above is granted on condition that, under NO CIRCUMSTANCES are these data passed to third parties. They can be used for any purpose, including commercial gain.
- The user agrees to:
 - a) Make proper reference to the source of the data when disseminating the results to which this agreement relates;
 - b) Participate in the verification of the data (e.g. by noting and reporting any errors or omissions discovered to the JRC).
