

Temporary Dataset Download: LS-factor (Slope Length and Steepness factor) for the EU

ID	134259
Date - Time	Mon, 10/05/2026 - 11:45
Name of User	Anna Lilian Gardossi
Organization	Università degli Studi di Trieste
Type of Organization	University
-- Other	
E-mail	annalilian.gardossi@units.it
Purpose	Research analysis on agricultural soil erosion in the Friuli Venezia Giulia region.
Notes	

Notifications:

1. The data provided has been prepared for use by internal research activities in the Land Resource Management Unit (Institute for Environment & Sustainability, JRC Ispra) in the context of developing the new Soil Loss Map of Europe .
2. The data were developed for research purposes of the JRC (European Commission). The JRC does not accept any liability whatsoever for any error, missing data or omission in the data, or for any loss or damage arising from its use. The JRC agrees to provide the data free of charge but is not bound to justify the content and values contained in the databases.
3. The permission to use the data specified above is granted on condition that, under NO CIRCUMSTANCES are these data passed to third parties. They can be used for any purpose, including commercial gain.
4. The user agrees to:
 - a) Make proper reference to the source of the data when disseminating the results to which this agreement relates;
 - b) Participate in the verification of the data (e.g. by noting and reporting any errors or omissions discovered to the JRC).
