

Temporary Dataset Download: Predicted distribution of SOC content in Europe (based on LUCAS, BioSoil and CZO) in the context of the EU-funded SoilTrEC project

ID	135258
Date - Time	Mon, 10/26/2026 - 14:11
Name of User	Francesca Borghini
Organization	University of Siena
Type of Organization	University
-- Other	
E-mail	francesca.borghini@unisi.it
Purpose	to study the state of the art on soil
Notes	

Notifications:

1. The data provided has been prepared for in the context of work done at the Joint Research Centre of the European Commission, for the EU funded SoilTrEC project.
2. The data were developed for research purposes. The JRC does not accept any liability whatsoever for any error, missing data or omission in the data, or for any loss or damage arising from its use. The JRC agrees to provide the data free of charge but is not bound to justify the content and values contained in the databases.
3. The permission to use the data specified above is granted on condition that, under NO CIRCUMSTANCES are these data passed to third parties. They can be used for any purpose, including commercial gain.
4. The user agrees to:
 - a) Make proper reference to the source of the data when disseminating the results to which this agreement relates;
 - b) Participate in the verification of the data (e.g. by noting and reporting any errors or omissions discovered to the JRC).
